

Press Release dated 20.02.2002

Giess & Quanz GmbH & Co. KG with new sales manager

Remscheid, 20.2.2006. Andreas Oemkes has been appointed Manager Worldwide Sales and Marketing of the Remscheid, Germany-based Giess & Quanz GmbH & Co. KG, manufacturers of precision drilling, thread cutting, countersinking and deburring tools. The 37-year-old Andreas was previously the sales manager of Planbüro, the Cologne office equipper and interior finisher. Together with a qualified sales team in Remscheid, he is now responsible for the coordination and support of a global network of some 2,500 specialist dealers and around 40 agencies.

After completing his training as an industrial sales clerk Andreas graduated in business studies. He comes to Giess & Quanz GmbH & Co. KG as a sales specialist with a proven track record. For example, he gathered ample experience in diverse sales functions and spent several years working as a product and sales trainer before taking over the position of Germany-wide sales manager for a leading supplier of office supplies.

Andreas sees the most important goal of his activities at Giess & Quanz GmbH & Co. KG to be to keep the company on its present course of expansion. To this end he wants to secure the high level of product quality and the on-going further development of services and support.
